GREAT LABOR LEADER TO BE HERE TOMORROW

ISSUES OF THE CAMPAIGN TO BE DISCUSSED IN THE AIRDOME

Edmond H. Lomasney, the great labor leader of San Francisco, arrived at Millers on train 23 today and is spending the day among the mill workers in that camp and will deliver an address in the town hall at that point tonight.

Mr. Lomasney is touring the state in the interests of the Republican national committee and has been assigned to Nevada to explain to the laboring men the principles involved in the recent Democratic legislation which contains so many jokers.

Mr. Lomasney spoke to one of the largest gatherings of miners during the present campaign at McGill and Ely last week and great enthusiasm was displayed by his vivid portrayal of the real issues and conditions from the workingman's viewpoint.

After the meeting at Millers tonight the great labor leader will drive through to Tonopah, where he will speak in the Airdome theater, this city, at 8:15 o'clock tomorrow evening. Everybody is most cordially invited to attend and hear this wonderful apostle of labor, who is a self-made speaker and handles the many intricate questions involved in the present campaign.

Don't forget the place: Airdome theater, Tuesday evening at 8:15. Everybody invited.

MISS COHN DELIVERS ADDRESS IN AIRDOME

Miss Felice Cohn, the first woman lawyer in the state of Nevada, daughter of M. Cohn, a local merchant, delivered an address Saturday evening in the Airdome under the auspices of the Wilson-Pittman league. Although still weak from a recent indisposition, she delivered an address lasting over an hour, in which she extolled the present administration, but devoted the greater portion of her talk to defending the Pittman land bill. Miss Cohn is a finished orator and was greeted with applause when she clinched an argument. Her line of argument was largely a defensive one, both for the White House and the land bill.

MONARCH PITTSBURG RUNS INTO ORE BODY

It is street rumor that the Monarch Pittsburg has at last run into a body of excellent ore, after a baffling search. At the company's office no news is given out, it being evidently the desire of the management to prove up the strike before giving out any definite information, in order that there be no accusation that the company gave out facts before it had an opportunity to fully demonstrate them.

Street rumor has it that a vein over three feet in width of better than \$20 ore has been opened up. The find is said to have been made near the center of the Pittsburg claim in the raise above the thousand foot level.

FURTHER PROGRESS MADE

(By Associated Press.) BERLIN (official), Oct. 30.—Several strongly defended positions near the Hungarian-Rumanian frontier have been captured by the Teutonic allies. In Dobrudja, General von Mackensen is continuing the pursuit of the Russo-Rumanians. He came into contact with the Russians.

THANKSGIVING SHOOT

A. Shelly of Bishop will conduct another turkey shoot in Tonopah preceding Thanksgiving. He will bring 500 of the biggest, fattest turkeys that ever hit the town, grain fed from Inyo county, the home of the genuine "turk." Nobody but Scott Mullen limited to the number he can shoot in one day. Scott got 32 turkeys in two hours last Thanksgiving. Adv. Q2844

CRITICAL STATUS OF PRICE OF CEREALS

(By Associated Press.) CHICAGO, Oct. 30.—Three separate campaigns against the increased living cost are being pushed. United States District Attorney Clynne has planned a question for the wholesale and retail grocers concerning agreements to boost prices. Grand jury action may result, he said. The city council had before it the preparation of statistics to be presented by Senator Lewis urging congress to prohibit the use of food grains in the manufacture of intoxicating liquors during the food shortage in Chicago. Master bakers were to urge an embargo on wheat through a statement to Congressmen Madden incorporating a table of baking costs.

HAVE PLENTY OF FUN BUT NOT DESTRUCTIVE

This is Halloween and is an annual occasion where mirth and frivolity reign and have reigned from ancient times. The kids are expected to be abroad in the land after nightfall, while their elders are bobbing for apples and performing other ancient rites and customs.

Chief Evans has taken the precaution of putting on extra men for the night. He says that the boys may have all the fun they like, but must not be destructive, for if they transgress they will certainly land in the calaboose.

Editorial Comments

Mr. Hughes has made Mr. Wilson's policy of deciding a case and then getting the facts afterward one of the most pitiable exhibitions of weakness that even the present administration can give.

"Peace, preparedness and prosperity" are claimed as the Democratic campaign cries. More appropriate ones would be "Pie, pork and piffle."

And now nobody seems to know exactly what the new wage law means or to whom it applies. Another illustration of Democratic inefficiency.

The Democratic congress has voted a tariff on dyes, thereby declaring in favor of the principle of protection. How the party does change its colors.

After eight years without representation, southern Nye asks support for its only candidate upon any ticket. A. B. Perkins of Carrara, the regular Republican nominee for assemblyman. Adv. Q2847

AMUSEMENTS

BUTLER THEATER

Another fine musical concert will be featured in the program during the first show at the Butler this evening, which will be furnished by the all-star, seven-piece orchestra, composed of seven accomplished soloists, making a combination of musical talent the equal of which has never been heard in Tonopah. An attractive program has been prepared and an enjoyable hour and a half will be the result.

The regular picture which was booked for today, "The Destroyers," missed train connections, and in its place will be shown a Famous Players production entitled "An American Citizen," featuring John Barrymore. And although this picture will undoubtedly meet with general approval, as John Barrymore is one of the popular screen artists, the management regrets very much not being able to show the picture advertised, but when a picture misses a train and does not arrive it is a matter beyond control at this end of the line.

UNAUTHORIZED STATEMENT

(By Associated Press.) NEW YORK, Oct. 30.—Luis Cabrera, chairman of the Mexican-American joint commission, said that he did not authorize the statement issued by the Mexican news bureau in Washington, Saturday, assailing American officials for alleged laxity in dealing with anti-Carranza propaganda in districts along the border.

NINE FIRMLY ENTRENCHED

(By Associated Press.) CHICAGO, Oct. 30.—Scoring 236 points in its last four games, as compared with a total of 146 points registered by its opponents, the University of Minnesota football eleven appears to be so firmly entrenched in the lead for the "big nine" championship that none of the three other contenders is conceded much of a chance to dislodge it.
